

# Hudson Volunteer Fire Department

\*\*\* It's the Law! \*\*\*

According to the Ontario Building Code and the Ontario Fire Code every home in Ontario must have working smoke alarms and CO detectors installed and maintained.

Smoke alarms and CO detectors are proven to save lives. However, proper maintenance is required to guarantee their continued operation. Replace any smoke alarm and CO detector as recommended by the manufacturer.

As part of Hudson Fire Department's Fire Prevention & Public Education Program, volunteer members of the Fire Department will be conducting a door-to-door campaign in the near future. This campaign will focus on the proper use and care of Smoke Alarms and CO detectors.

Your co-operation will be appreciated.

\*\*\* Dates to remember \*\*\*

Door-to-door campaign in the near future (date to be announced in local paper)

Fire Permits required as of April 1 (contact the township office)

Annual Yard Sale April 25/2015 (donations welcomed)
